ASX Announcement (ASX:BBT)

BlueBet announces transformational merger with betr; launches \$20.0 million Equity Raising

Highlights

- **BlueBet to acquire betr's wagering business, creating leading Australian online wagering company (subject to regulatory and shareholder approvals) (Combined Business)**
- **Larger and more competitive Combined Business to remain listed on ASX and expects to reach monthly EBITDA profitability in 1H FY25 and be EBITDA profitable in FY25 (including synergies, excluding one-off transaction and synergy realisation costs)¹**
- **Creates a platform to drive further organic and inorganic growth, with highly scalable technology and a deeply experienced Board and management team**
- **BlueBet also announces a fully underwritten \$20.0 million Placement to fund operational and strategic growth initiatives of the Combined Business and one-off synergy realisation and transaction costs**
- **Q3 FY24 trading evidences strong momentum for both businesses, with BlueBet's Australian operations continuing to accelerate and betr's strong Net Win growth reflecting a greater focus on profitability and a maturing of the business and customer base**

BlueBet Holdings Ltd (**BlueBet** or the **Company**) (ASX:BBT) is pleased to announce it has entered into a binding Asset Sale Agreement (**ASA**) to acquire NTD Pty Ltd's (ACN 658 859 262) (**betr**) wagering business, which will deliver to BlueBet increased scale and market share, significant operational synergies and a platform for further growth (**Proposed Merger**) (BlueBet and betr, together the **Combined Business**). Completion of the Proposed Merger (**Completion**) is subject to a number of conditions precedent (outlined below).

In addition, BlueBet is undertaking a fully underwritten two-tranche conditional placement to raise gross proceeds of approximately \$20.0 million (the **Placement**) at \$0.21 per share to fund operational and strategic growth initiatives of the Combined Business and one-off synergy realisation and transaction costs (**Equity Raising**).

¹ See the Investor Presentation of today's date for further information including the disclosure of the key risks associated with the Combined Business.

Strategic Rationale

- **Significantly enhanced scale and increased market share:** betr's large and high quality customer database comprising c.341k open accounts² and c.112k active customers³, which, when combined with BlueBet's loyal base of over 67k active customers³, provides significantly enhanced scale and increases the Company's sustainable base of recreational customers with low customer crossover⁴
- **Maximising use of BlueBet's leading technology platform:** ability to migrate betr's customers to BlueBet's highly scalable proprietary technology platform developed through significant multi-year investment, driving greater customer engagement, retention and monetisation
- **Significant operational efficiencies:** cost synergies are readily identified and expected to commence immediately upon Completion, with ~\$11.0 million of the identified ~\$14.0 million of annualised cost synergies⁵ expected to be realised in FY25. Additional potential upside (not quantified) expected from optimal engagement of the entire customer base and increasing betr's Net Win margin towards BlueBet's. The Combined Business also expects to transition to one single brand following a brand review, with advertising and marketing savings to be reinvested
- **Combined Business profitability:** Combined Business expects to reach monthly EBITDA profitability in 1H FY25 and be EBITDA profitable in FY25 (including synergies, excluding one-off transaction and synergy realisation costs)
- **Highly experienced and knowledgeable Board and Management team:** management team to be led by Andrew Menz and Bill Richmond, with the Board to include industry pioneers Michael Sullivan and Matthew Tripp
- **Platform for further inorganic growth:** the Combined Business will adopt BlueBet's leading proprietary technology platform to drive further organic and inorganic growth with a focus on accretive M&A

BlueBet's Executive Chairman, Michael Sullivan, said: *"This is a transformational moment for BlueBet, bringing together our best-in-class technology platform with betr's large and high-quality customer base to create a national challenger in the online wagering market. The betr team is fully aligned with this vision, and we are excited by the growth opportunities and synergies that will be unlocked through the Proposed Merger of our two businesses."*

betr's Founder, Matthew Tripp, said: *"Today is a significant day for betr and a major step towards achieving our ambition to be a Tier 1 wagering operator. The combination of our joint scale and the BlueBet technology platform is extremely powerful. What excites me most is the deep experience and highly-complementary skillsets of the combined team which sets us up well for the next phase of growth."*

² As at 31 December 2023.

³ An Active Customer is defined in 2 ways: (1) In the case of BlueBet, Australian customers that have placed a cash bet in the 12 months to 31 December 2023. (2) For betr, customers that placed a cash bet in the six months to 31 December 2023 as this is seen as the most accurate representation of ongoing active customers. Post completion of the Proposed Merger, the Combined Business will align and report Active Customers on a 12 month prior basis, in line with industry standards.

⁴ c.84% of betr customers will be new to the BlueBet platform, based on independent analysis of BlueBet customers from 2016 to 3 November 2023 and betr customers from 1 August 2023 to 3 November 2023.

⁵ Estimated one-off costs to achieve cost synergies to total \$4.0 million.

Proposed Merger Overview

- BlueBet will acquire betr's wagering business by way of an asset purchase. In consideration, BlueBet will issue to betr shareholders approximately 265.4 million fully paid ordinary shares (**Shares**), equating to c.56.9% of BlueBet's Shares on issue before taking into account the issuance of Shares under the \$20.0 million Placement⁶
- The Proposed Merger is subject to a number of conditions, including:
 - obtaining regulatory approvals from Northern Territory Racing Commission;
 - obtaining shareholder approval pursuant to ASX Listing Rule 7.1 for the issuance of Shares to betr shareholders under the Proposed Merger;
 - successfully completing the Equity Raising (which also includes obtaining shareholder approval under ASX Listing Rule 7.1 for the conditional tranche of the Equity Raising); and
 - BlueBet maintaining minimum net cash balances at 30 April 2024 of at least \$3.0 million.

Subject to satisfaction of the conditions precedent, completion of the Proposed Merger is expected to occur on 1 July 2024. A summary of the key terms of the ASA (including a full list of conditions) is included in Appendix A of this announcement.

In the event the Proposed Merger does not proceed (including as a result of conditions precedent not being satisfied), BlueBet will continue to operate as a standalone company and will apply the proceeds of the Equity Raising that had been intended for migration towards the Company's working capital requirements and growth initiatives. Investors should take into account this uncertainty in deciding whether or not to buy or sell BlueBet Shares.

Combined Board and Management Team

The Board of the Combined Business will consist of Michael Sullivan (Executive Chairman), Matthew Tripp (Non-Executive Director), Ben Shaw (Non-Executive Director), Tim Hughes (Non-Executive Director), and an independent Non-Executive Director yet to be agreed that will be appointed as soon as practicable. It is intended that Matthew Tripp will become Chairman on 1 January 2025, with Michael Sullivan remaining on the Board as a Non-Executive Director.

The management team will consist of Andrew Menz (CEO), Bill Richmond (COO) and Darren Holley (CFO).

Board Recommendation and Major Shareholder Support

BlueBet's Board of Directors believe the Proposed Merger represents a significant and compelling opportunity which is expected to create material value for BlueBet shareholders. The BlueBet Board unanimously recommends that BlueBet shareholders vote in favour of the resolutions that require the approval of BlueBet's shareholders with respect to the Proposed Merger in the absence of receipt of a superior proposal.

⁶ Assuming no additional Shares are issued as part of a net cash completion adjustment under the ASA (subject to approval by BlueBet shareholders).

Each BlueBet director intends to vote all of the BlueBet Shares they hold or control in favour of all resolutions that require the approval of BlueBet's shareholders with respect to the Proposed Merger, subject to there not being a superior proposal. This includes those Shares held by BlueBet's Executive Chairman, Michael Sullivan, who holds 41.8% of BlueBet Shares as at the date of this announcement.⁷

Both BlueBet and betr have agreed to certain "no shop," "no talk" and "no due diligence" obligations subject to customary fiduciary carve-outs. These exclusivity provisions are set out in Appendix A of this announcement.

Overview of betr

Launched in October 2022, betr has quickly grown to achieve significant scale with c.341k open accounts⁸ and c.112k active customers⁹, with its modern and innovative brand attracting customers with a preference for sport and high margin products. The business recorded c.\$80 million of Gross Win and c.\$50 million of Net Win¹⁰ in 1H FY24.

Betr's founder and major shareholder Matthew Tripp and CEO Andrew Menz bring over 40 years of experience in operating and scaling wagering businesses, with extensive learnings both domestically and internationally that will assist the Combined Business with its organic and inorganic growth initiatives.

Notification of ASX under Listing Rule 11.1

Prior to announcement of the Proposed Merger, BlueBet notified ASX of the Proposed Merger pursuant to ASX Listing Rule 11.1. ASX determined that BlueBet is not required to obtain shareholder approval for the Proposed Merger and is not required to re-comply with ASX's admission and quotation requirements for the Proposed Merger under ASX Listing Rules 11.1.2 and 11.1.3.

Equity Raising

BlueBet is undertaking a fully underwritten Placement of \$20.0 million to fund:

- **Growth initiatives and working capital (c.\$12.0 million):** includes a migration / promotional allowance and cash to provide flexibility to execute on growth initiatives of the Combined Business, which are likely to include:

 - generosity during the migration period to maximise customer engagement on the BlueBet platform pre-Spring Racing Carnival and during the AFL/NRL finals;
 - a reactivation campaign focusing on the large, recreational base; and
 - product innovation as a key differentiator.

⁷ To the extent those directors are not subject to voting exclusions.

⁸ As at 31 December 2023.

⁹ Refer to footnote 3.

¹⁰ Net Win figure excludes launch markets. Launch markets were betr's markets offering up to \$101 odds on the 2023 AFL Grand Final winner and/or the 2023 NRL Grand Final winner. The markets were offered from betr's launch in October 2022 until December 2022, and were resulted upon completion of the respective grand finals.

- **Synergy realisation costs (c.\$4.0 million):** one-off costs to achieve synergies comprising migration and decommissioning betr's existing technology platform, redundancies and IT investment
- **Transaction costs (c.\$4.0 million):** includes costs associated with the Equity Raising and Proposed Merger, including stamp and other duties.

The Placement will be conducted at \$0.21 per Share offered as part of the Equity Raising (**New Shares**) (**Offer Price**), representing a:

- 11.4% discount to the Company's 5-day VWAP of \$0.237; and
- 11.1% discount to the Company's 30-day VWAP of \$0.236.

The Placement comprises:

- **Tranche One:** the issue of 49.9 million New Shares (representing 24.8% of the Company's existing issued share capital) available immediately under the Company's existing placement capacity under ASX Listing Rule 7.1 and 7.1A which will not require shareholder approval; and
- **Tranche Two:** the issue of 45.3 million New Shares (representing 22.5% of the Company's existing issued share capital) which is subject to shareholder approval being obtained at a general meeting of the Company (**EGM**) in accordance with ASX Listing Rule 7.1 (see Key Dates below). The EGM notice of meeting will be distributed shortly, with the EGM expected to be held in or around late May 2024.

New Shares issued under Tranche One and Tranche Two of the Placement will rank equally with existing BlueBet Shares from their date of issue. The key dates for the Placement are set out below.

Director and Major Shareholder Participation

betr's founder and proposed Combined Business Non-Executive Director, Matthew Tripp¹¹, intends to participate in the Placement and subscribe for approximately \$2.0 million of New Shares.

BlueBet's Executive Chairman, Michael Sullivan¹¹, intends to participate in the Placement and subscribe for approximately \$1.0 million of New Shares.

The issuance of New Shares to Matthew Tripp and Michael Sullivan will be subject to BlueBet shareholder approval at the EGM expected to be held in or around late May 2024 pursuant to ASX Listing Rule 10.11.
